

UNA Group Health Insurance

The heart of any organization is its employees. Let us help you take care of them.

About the Plan

Regence BlueCross BlueShield + Nonstop Health

Nonstop Health allows nonprofits to fund their employees' healthcare premiums and out-of-pocket expenses while also saving on premiums annually. Nonstop Health is paired with an ACA-compliant health plan from Regence BlueCross BlueShield of Utah to cover employees' upfront out-of-pocket costs.

First Dollar Coverage

Employees can visit in-network providers, pick up covered prescriptions, and receive covered medical procedures, all without a financial barrier—no copays and deductibles.

Employer Choice

Regence BlueCross Blue Shield of Utah offers UNA Members three network options for individual employee elections: FocalPoint, Preferred ValueCare, and Participating (includes IHC). Employers can provide comprehensive coverage and the broadest access to care throughout Utah.
