

Strengthening Organizations That Strengthen Our Community

Health Insurance Plan

See if you qualify to save on health insurance by joining The Utah Nonprofit Association Health Plan. The UNA and its members have access to a Regence BCBS Health Plan with large-group rates which may provide even lower rates than the small group market.

Companies of all sizes are looking for options to CONTROL the rising costs of health insurance.

How this may benefit your Company?

- Groups with 2 to 100+ benefit eligible employees can participate in the UNA Health Plan.
- Your group will not be subject to the “Adjusted Community Rating (ACR)” rules.
- Healthier groups will see the biggest increases in cost under the ACR rules. Under the Association Plan the healthier groups should benefit the most from risk underwriting, and their efforts to control claims cost.
- By joining the UNA Health Plan you are eligible for large group plan designs & premium benefits.
- Your group may choose from a wide variety of plans to meet your specific needs. There are 6 different large group plans to choose from, including those with small & large deductibles and those that go with a health savings accounts.
- The Carrier becomes a long term partner with the Association to help employer groups find affordable coverage for their employees.

Now What?
